

<p><u>Buttwelding Equipment</u></p> <p>Universal buttwelding equipment for standard pipes and fittings made from HDPE or PP in sizes 16-1600 mm. Suitable for NOCX and NOFX pipes.</p>	
<p><u>Universal Electrofusion Welding Equipment</u></p> <p>Universal electrofusion welding equipment to weld standard electrofusion fittings made from polyolefin material as HDPE, PP and PVDF.</p>	
<p><u>Grout Port Welding Equipment</u></p> <p>Professional fast and easy welding of grout ports to ducts for grout tube connections. Available 220V and 110V.</p>	
<p><u>Halfpipe Welding Equipment</u></p> <p>Special buttwelding equipment for radial welding of PESTEC Halfpipes made of HDPE or PP.</p>	
<p><u>Special PESTEC Electrofusion-Welding Equipment</u></p> <p>Special electrofusion welding equipment to weld PESTEC special electrofusion fittings made from HDPE or PP using special software.</p>	
<p><u>FKS Pipe Welding Equipment</u></p> <p>FKS Pipe electrofusion welding equipment to weld FKS special electrofusion socket pipes and fittings made from HDPE or PP.</p>	
<p><u>More</u></p> <p>Hot gas welding equipment, Inside welding bead remover, Pipe scrapers, Installation accessories</p>
